

Unlocking Marketing Insights for CodeX Energy Drink Launch in India

Analyzing 10,000 Survey Responses to Drive Data-
Driven Marketing Decisions

About CodeX

CodeX is a **German beverage company** aiming to establish its presence in the **Indian energy drink market**. A few months ago, CodeX launched its **new energy drink** across **10 Indian cities**, targeting a wide range of consumers.

The company's **Marketing Team** is focused on:

- ✓ Building **brand awareness**
- ✓ Increasing **market share**
- ✓ Driving **product development** based on consumer behavior

To support this, a **large-scale survey** was conducted with **10,000 respondents**, and now it's time to turn that data into **actionable insights**.

1. Demographic Insights

a. Who prefers energy drink more? (male/female/non-binary?)

SQL Query:

```
SELECT Gender, COUNT(*) AS  
Respondent_Count  
FROM dim_respondents  
GROUP BY Gender  
ORDER BY Respondent_Count DESC;
```

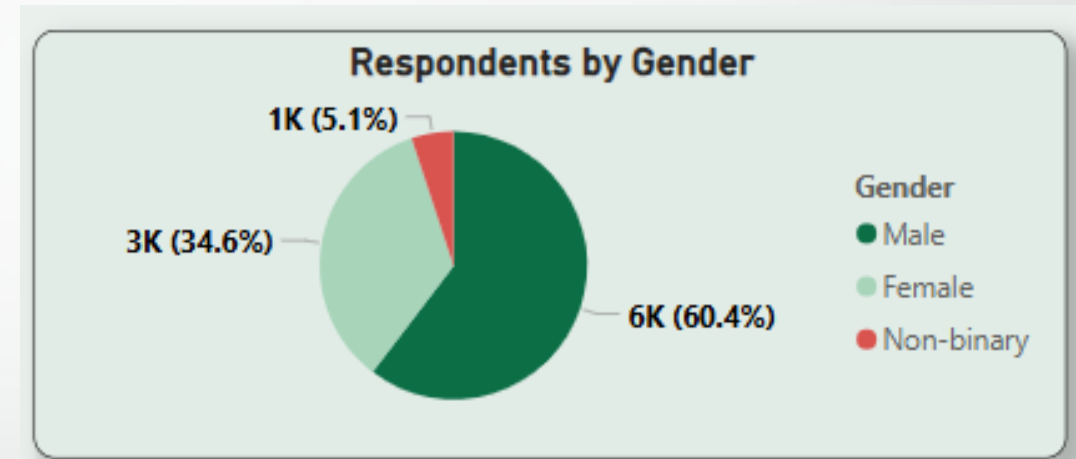

Expected Output:

Gender – Respondent Count

Male – 6,038

Female – 3,455

Non-Binary – 507

Out of 10,000 respondents, 6,038 identified as male. This means 60% of the consumers are male, indicating a stronger preference for energy drinks among the male demographic.

b. Which age group prefers energy drinks more?

SQL Query:

```
SELECT Age, COUNT(Respondent_ID) AS  
Total_Respondents  
FROM dim_respondents  
GROUP BY Age  
ORDER BY Total_Respondents DESC;
```

Expected Output:

Age Group – Total Respondents

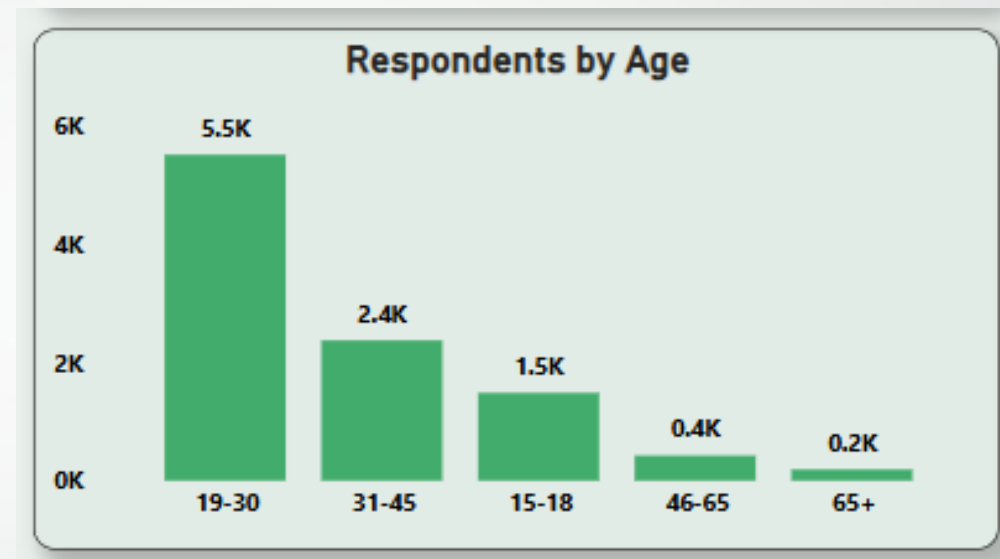

19–30 – 5,520  (Dominant consumer group)

31–45 – 2,376

15–18 – 1,488

46–65 – 426

65+ – 190

The survey results indicate that **energy drinks are significantly more popular among youngsters**. More than **50% of respondents belong to the 19–30 age group**.

If we consider the broader young demographic (ages **15 to 30**), the share rises to **approximately 70%**, highlighting a strong preference among youth.

c. Which type of marketing reaches the most Youth (15-30)?

Online Ads emerged as the **most effective marketing channel**, reaching **3,373** respondents in the **15–30 age group**.

Marketing Channels						
Marketing_channels	15-18	19-30	31-45	46-65	65+	Total
Online ads	707	2666	490	109	48	4020
Other	94	608	408	78	37	1225
Outdoor billboards	117	585	431	65	28	1226
Print media	75	371	310	57	28	841
TV commercials	495	1290	737	117	49	2688
Total	1488	5520	2376	426	190	10000

2. Consumer Preferences

a. What are the preferred ingredients of energy drinks among respondents?

SQL Query:

```
SELECT Ingredients_expected AS  
Preferred_Ingredients,  
COUNT(Respondent_ID) AS Total_Respondents  
FROM fact_survey_responses  
GROUP BY Preferred_Ingredients  
ORDER BY Total_Respondents DESC;
```

Expected Output:

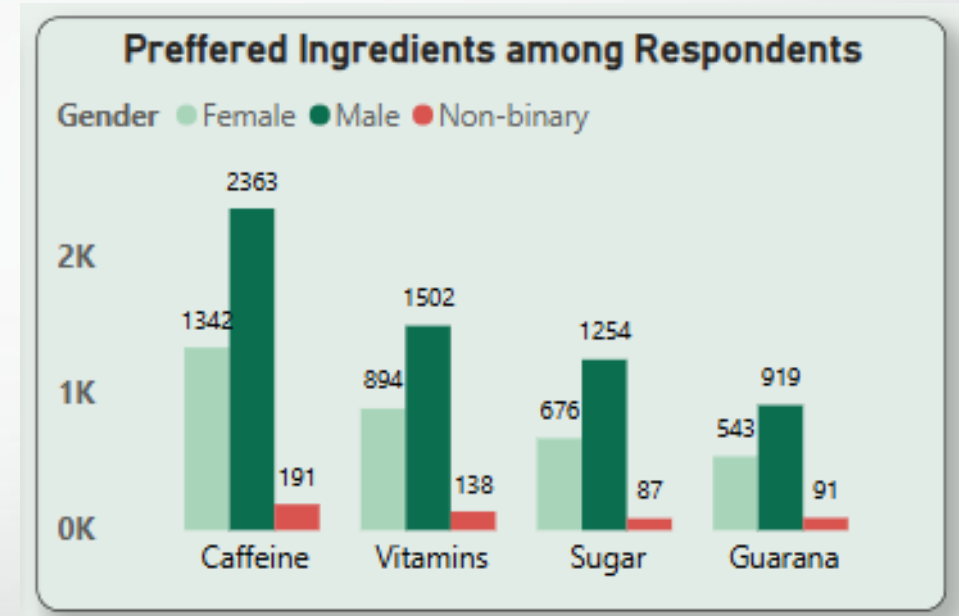

Preferred Ingredient – Total Respondents

Caffeine – 3,896 📈 (Most Preferred)

Vitamins – 2,534

Sugar – 2,017

Guarana – 1,553

Caffeine, known for enhancing **attention and alertness**, is a common and expected ingredient in energy drinks. It stands out as the **most preferred ingredient** among respondents, followed by **Vitamins**, reflecting consumer demand for both energy and health-boosting benefits.

b. What packaging preferences do respondents have for energy drinks?

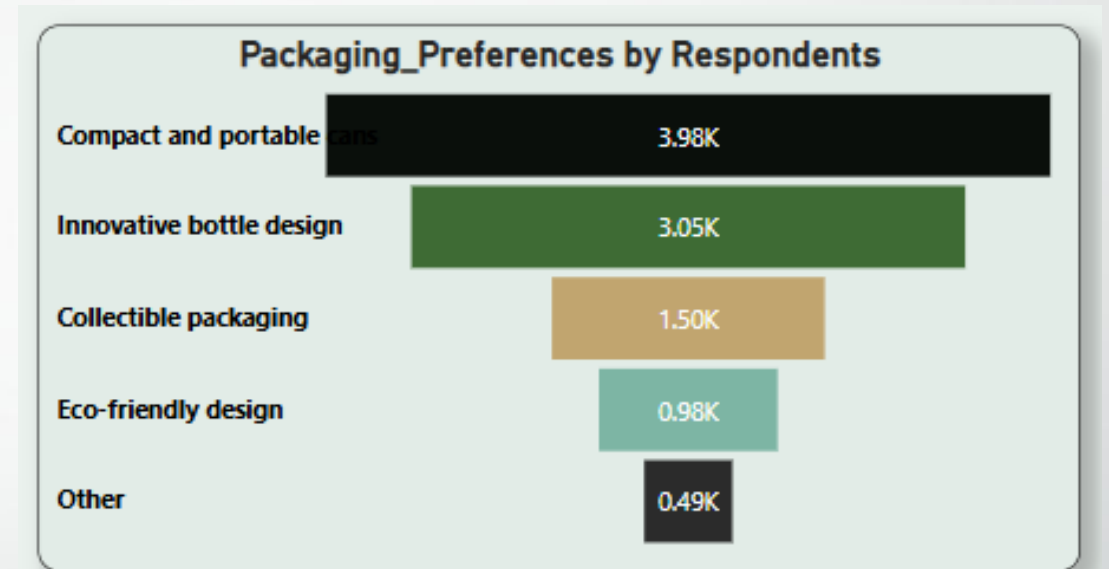

📌 SQL Query:

```
SELECT Packaging_preference,  
COUNT(Respondent_ID) AS Total_Respondents  
FROM fact_survey_responses  
GROUP BY Packaging_preference  
ORDER BY Total_Respondents DESC;
```

📊 Expected Output:

Packaging Preference – Total Respondents

Compact and portable cans – 3,984 📈 (Most preferred)
Innovative bottle design – 3,047
Collectible packaging – 1,501
Eco-friendly design – 983
Other – 485

Compact & Portable Cans are in **highest demand**, followed closely by **Innovative Bottle Designs** — highlighting consumer preference for **convenient and creative packaging** in energy drinks.

3. Competition Analysis

a. Who are the current market leaders?

SQL Query:

```
SELECT Current_brands AS Top_Brands,  
COUNT(Respondent_ID) AS Total_Respondents  
FROM fact_survey_responses  
GROUP BY Top_Brands  
ORDER BY Total_Respondents DESC  
LIMIT 3;
```

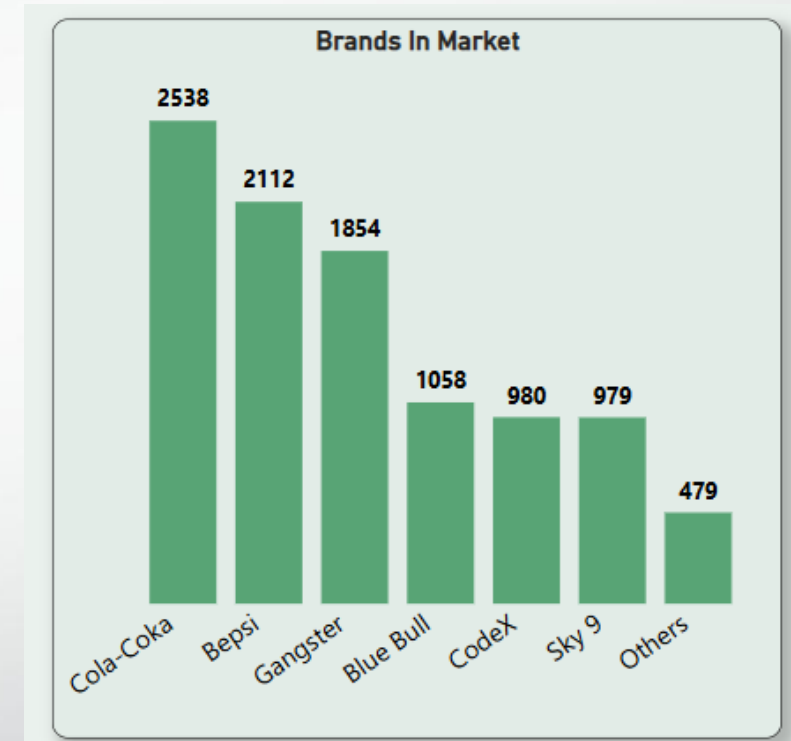

Expected Output:

Top Brands – Total Respondents

Cola-Coka – 2,538 📈 (Market leader)

Bepsi – 2,112

Gangster – 1,854

Cola-Coka is leading the market, followed by **Bepsi**. The data clearly shows that **more respondents prefer Cola-Coka** over other brands, establishing it as the **top choice among consumers**.

b. What are the primary reasons consumers prefer those brands over ours?

SQL Query:

```
WITH cte AS (  
    SELECT Current_brands, COUNT(Respondent_ID) AS  
    Total_Respondents  
    FROM fact_survey_responses  
    GROUP BY Current_brands  
    ORDER BY Total_Respondents DESC  
    LIMIT 3  
)  
SELECT cte.Current_brands, fsr.Reasons_for_choosing_brands,  
COUNT(fsr.Respondent_ID) AS Total_Respondents  
FROM fact_survey_responses fsr  
JOIN cte ON fsr.Current_brands = cte.Current_brands  
GROUP BY cte.Current_brands, fsr.Reasons_for_choosing_brands  
ORDER BY Total_Respondents DESC;
```

Expected Output:

Current Brand – Reason for Choosing – Total Respondents

Bepsi – Availability – 418

Bepsi – Other – 355

Cola-Coka – Availability – 510

Cola-Coka – Brand Reputation – 616

Gangster – Brand Reputation – 511

Gangster – Availability – 339

Bepsi – Taste/Flavor – 357

Gangster – Brand Reputation – 577

Gangster – Effectiveness – 423

Bepsi – Taste/Flavor – 531

Cola-Coka – Other – 309

Cola-Coka – Brand Reputation – 448

Bepsi – Effectiveness – 433

Gangster – Effectiveness – 339

Reasons for Choosing the Brands					
Current_brands	Availability	Brand reputation	Effectiveness	Other	Taste/flavor preference
Bepsi	19.8%	27.3%	16.1%	16.8%	20.0%
Blue Bull	17.0%	27.3%	17.7%	15.6%	22.4%
CodeX	19.9%	26.4%	18.0%	17.1%	18.6%
Cola-Coka	20.1%	24.3%	17.1%	17.7%	20.9%
Gangster	18.3%	27.6%	18.2%	16.7%	19.3%
Others	18.0%	29.2%	18.2%	16.5%	18.2%
Sky 9	18.6%	26.6%	19.2%	15.8%	19.8%

The **top reason** consumers choose a brand is **Brand Reputation**, making it the most influential factor in energy drink selection.

4. Marketing Channels and Brand Awareness

- Which marketing channel can be used to reach more customers?
- How effective are different marketing strategies and channels in reaching our customers?

SQL Query:

```
SELECT Marketing_channels,  
COUNT(Respondent_id) AS Total_Respondents  
FROM fact_survey_responses  
GROUP BY Marketing_channels  
ORDER BY Total_Respondents DESC;
```

Expected Output:

Marketing Channel – Total Respondents

Online Ads – 4,020  (Most effective)

TV Commercials – 2,688

Outdoor Billboards – 1,226

Other – 1,225

Print Media – 841

Marketing Channels						
Marketing_channels	15-18	19-30	31-45	46-65	65+	Total
⊕ Online ads	707	2666	490	109	48	4020
⊕ Other	94	608	408	78	37	1225
⊕ Outdoor	117	585	431	65	28	1226
⊕ Print media	75	371	310	57	28	841
⊕ TV commercials	495	1290	737	117	49	2688
Total	1488	5520	2376	426	190	10000

As seen earlier, **Online Ads** are the **most effective way to reach a large audience quickly**.

They not only offer **wider reach** but are also **cost-effective**, making them a powerful tool for marketing energy drinks.

5. Brand Penetration

a. What do people think about our brand? (overall rating)

Out of **980 respondents**, **455** were aware of our brand.

Only their responses were considered for rating **CodeX's taste**, which received a score of **3.3** — matching the **industry average rating**.

3.3

CodeX Avg Taste Exp

b. Which cities do we need to focus more on?

This data reflects **people's perception of CodeX** across different cities. Since **neutral and negative responses combined outweigh the positive ones**, it highlights a clear opportunity for the marketing team to **focus on improving positive brand perception**.

City	Negative	Neutral	Positive	Total
Ahmedabad	149	208	99	456
Bangalore	418	1844	566	2828
Chennai	126	615	196	937
Delhi	74	210	145	429
Hyderabad	266	1191	376	1833
Jaipur	106	163	91	360
Kolkata	67	393	106	566
Lucknow	53	84	38	175
Mumbai	228	847	435	1510
Pune	282	419	205	906
Total	1769	5974	2257	10000

6. Purchase Behavior

a. Where do respondents prefer to purchase energy drinks?

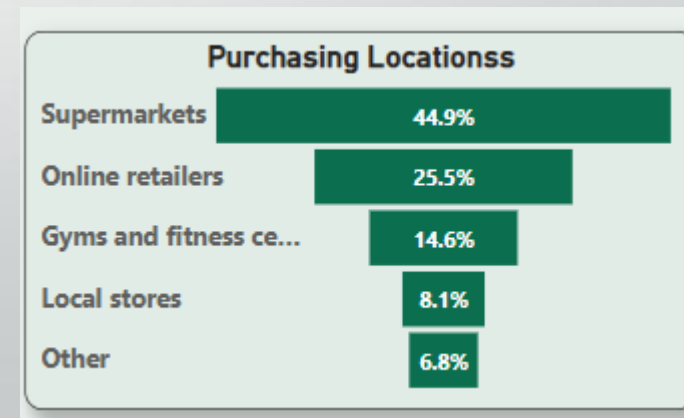

SQL Query:

```
WITH cte AS (  
    SELECT Purchase_location,  
           COUNT(Respondent_ID) AS Total_Respondents  
    FROM fact_survey_responses  
    GROUP BY Purchase_location  
)  
SELECT Purchase_location,  
       ROUND(100.0 * Total_Respondents / SUM(Total_Respondents) OVER(), 2) AS  
Preferred_pct  
FROM cte  
ORDER BY Preferred_pct DESC;
```

Supermarkets are the **most preferred choice** among consumers for purchasing energy drinks, highlighting their dominance as a primary retail channel.

Expected Output:
Purchase Location – Preferred %
Supermarkets – 44.94%
Online retailers – 25.50%
Gyms and fitness centers – 14.64%
Local stores – 8.13%
Other – 6.79%

b. What are the typical consumption situations for energy drinks among respondents?

Energy drinks are primarily consumed for **sports/exercise** and **studying or working late**.

This behavior is especially prominent among the **youth**, reinforcing the need to position the product around **performance and focus benefits** for younger consumers.

Consumption Situations						
Consumption Situations	15-18	19-30	31-45	46-65	65+	Total
⊕ Driving/commuting	33	168	70	20	6	297
⊕ Other	73	285	107	20	6	491
⊕ Social outings/parties	204	809	383	54	37	1487
⊕ Sports/exercise	680	2471	1065	190	88	4494
⊕ Studying/working late	498	1787	751	142	53	3231
Total	1488	5520	2376	426	190	10000

c. What factors influence respondents' purchase decisions, such as price range and limited edition packaging?

SQL Query:

```
SELECT DISTINCT Price_range,  
COUNT(Respondent_ID) AS Total_respondents  
FROM fact_survey_responses  
GROUP BY Price_range  
ORDER BY Total_respondents DESC;
```

Expected Output:

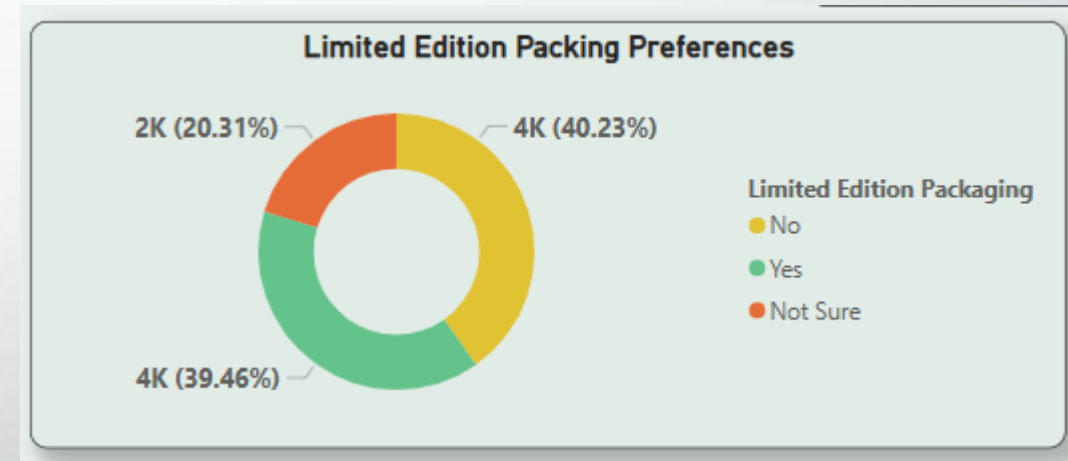

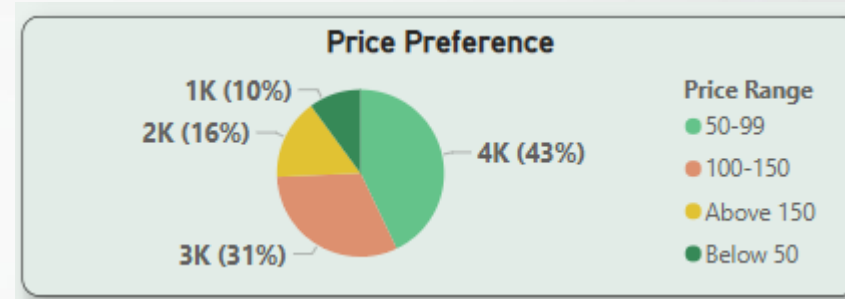

Price Range – Total Respondents

50–99 – 4,288  (Most preferred)

100–150 – 3,142

Above 150 – 1,561

Below 50 – 1,009

- **43%** prefer the ₹50–₹99 price range.
- **40%** don't expect packaging changes.
- **39%** are open to **Limited Edition Packaging**.

7. Product Development

a. Which area of business should we focus more on our product development? (Branding/taste/availability)

- Only **219 of 980** respondents (~22%) have a **positive brand perception**.
- **Taste rating** aligns with the **industry average** (no urgent action needed).
- **20%** choose CodeX **because it's available**—**availability** is a critical sales driver.

Brand_perception Responses

Negative	172
Neutral	589
Positive	219

Recommendations For CodeX

- What immediate improvements can we bring to the product?
- What should be the ideal price of our product?
- What kind of marketing campaigns, offers, and discounts we can run?
- Who can be a brand ambassador, and why?
- Who should be our target audience, and why?

● What immediate improvements can we bring to the product?

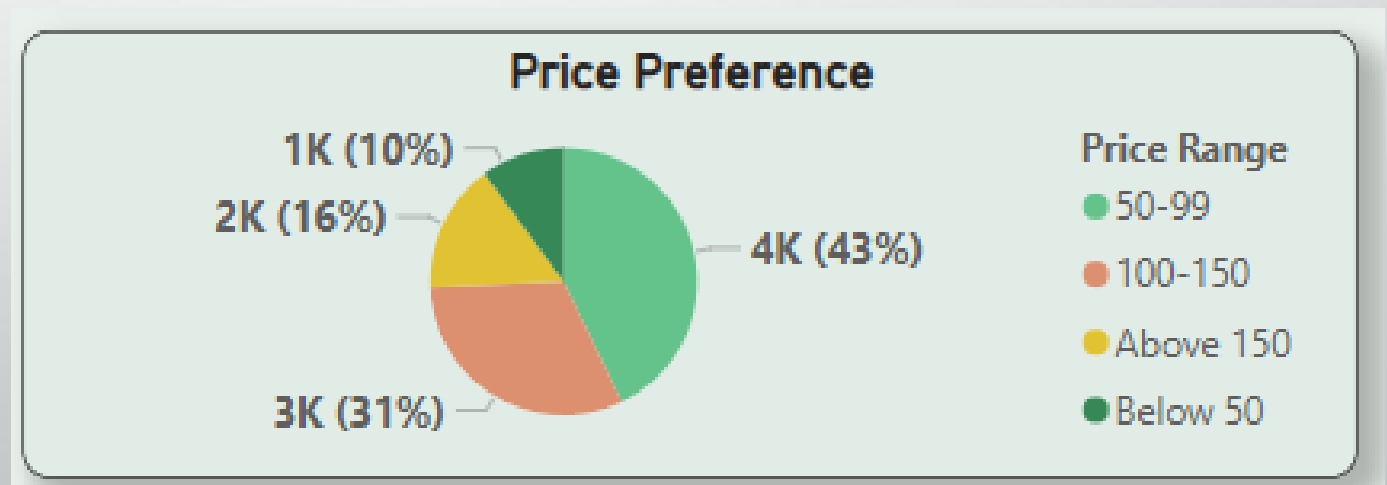

- **Improve product availability** to increase reach and sales.
- Conduct a **follow-up survey on health concerns** (target: 455 brand-aware respondents).
- **Limited Edition Packaging** to attract curious consumers.
- **Enhance product appeal** by:
 - Adding more **natural ingredients**
 - Reducing **sugar content**
 - Introducing **new flavors**
- Focus on boosting the **positive brand response rate**.

● What should be the ideal price of our product?

Consumers expect the price to be between ₹50–₹150. In cities like **Ahmedabad, Chennai, Hyderabad, Kolkata, Lucknow, Mumbai, and Pune**, the preferred range is ₹50–₹99.

In other cities, consumers are **willing to pay up to ₹150**, showing variation in pricing expectations by location.

● What kind of marketing campaigns, offers, and discounts we can run?

Marketing Campaigns

- **Social Media Ads** targeting youth (15–30 age group)
- **Influencer Collaborations** (Micro + Macro influencers)
- **Festival-themed Campaigns** with gift packs
- **Guerilla Marketing** at food festivals and supermarkets
- **User-Generated Content** contests to boost engagement

Offers & Discounts

- **Combo Packs** (Buy 6 cans at a reduced price)
- **First-Time Buyer Offers** via e-commerce platforms
- **Limited-Time Festival Discounts**
- **Exclusive Coupons** through influencers
- **Loyalty Discounts** for repeat buyers

● Who can be a brand ambassador, and why?

- While choosing a brand ambassador for CodeX, we must consider:

1. Budget 💰

Big celebrities demand high fees—ROI must justify the cost.

2. Relevancy 🏃

The ambassador should reflect a **fitness-oriented lifestyle** that aligns with **energy drink consumers**.

3. Impact ⭐

The influencer must **drive consumer behavior**, not just attract views.

I have selected 2 influencers keeping Budget, Relevancy & Impact in mind who can be our brand ambassadors:

1 Neeraj Chopra 🏆

- Represents fitness, youth discipline & national pride
- Huge social media presence with positive media coverage
- Competing in global events like the Olympics → Free PR
- 🟠 Budget: Moderate
- ✓ Perfect fit for a power-packed brand like CodeX

2 MS Dhoni 🧠

- Highly respected & trusted figure across all age groups
- Strong influence even post-retirement (example: Candy Crush viral moment)
- Constant buzz around IPL & brand endorsements
- 🟠 Budget: High
- ✓ Legendary personality with massive brand impact

● Who should be our target audience, and why?

📌 It is evident from the data that our primary consumers are aged between 15 to 30.

1 2
3 4 Nearly 70% of the respondents fall under this youth segment.

👉 This age group is the **core target** for CodeX marketing strategies.
